WOHC 2010 is setting the compass to help us explore these changes and perfect our knowledge and skills in areas such as: *complying with practice guidelines; recognizing advances in medical surveillance; integrating laws – HIPAA, HITECH, PPACA, and GINA into practice; targeting green technology innovations to benefit employees, employers and the environment; identifying the critical points for provider intervention in the life of a workers' compensation claim; writing solid reports that win utilization review approval; and mastering the newest communication tools.*

Post-graduate sessions include: *Power Ortho: Hand and Wrist; Wound Closure Workshop; Off-Site Tour to Allergan; Live Firefighting Demonstrations at Orange County Fire Authority Training Grounds; and more.*

**WOHC offers up to 22 AMA PRA Category 1 Credits™.**
