Welcome to WOHC ‘14

“The pessimist complains about the wind; the optimist expects it to change; the realist adjusts the sails.”

— William Arthur Ward

We find ourselves in the midst of an unprecedented time of change and innovation. The Affordable Care Act (ACA) has led to sweeping changes in the business of medicine, a dazzling array of innovative technologies, pharmaceuticals, and data analytics allow us to practice more effectively, and an ever-evolving body of scientific research leads us towards more efficient evidence-based practice. The WOHC 2014 planning committee has worked tirelessly to assemble a staff of visionary speaking faculty that will keep you on the cutting edge of Occupational and Environmental Medicine with valuable insights that will enable our community to adjust its sails with the changing times.

We’re thrilled to announce the introduction of an innovative new hands-on educational offering called the “Interactive Clinical Refresher”, which has been constructed with the front-line occupational medicine provider in mind. This is a two-day forum preceding the main/plenary conference, and will be divided into four half day sessions: “Power Ortho – Walk the WOHC” (Foot, Ankle, and Gait), “Procedures” (Wound Closure and Slit Lamp), “Occ Med Screening Tools” (Spirometry, EKG, Audiogram, Vision/Titmus), and “Opioids – When ‘Just Say No’ Is Not Enough: Health-Focused Discussions with Patients Seeking Opioids”. We feel these post-graduate sessions will serve as a tremendous complement to the core curriculum that has been assembled this year.

Additional highlights from the conference include worksite tours of Solar Turbines Incorporated, and the Naval Air Station North Island (Aircraft Maintenance Facility); our signature social event with dinner and dancing at the famous beachfront Hotel del Coronado, and a world-class faculty of speakers that will inspire and educate us on Occupational Medicine issues.

Please join us for what is sure to be an informative, fun, and rejuvenating experience in sunny San Diego!

8:00 am – 12:00 pm
Opioid Workshop - When "Just Say No" Is Not Enough: Health-Focused Discussions with Patients Seeking Opioids (PG-1)
Paul Farnan, MD
Lee Glass, MD, JD
Patients seeking opioid medications when such medications are not in their best medical interest present unique challenges to those providing their medical care. The challenges include identifying the patients for whom such drugs are truly not in their best medical interests, and, through communication, making an effective use of the encounter. This course will combine didactic and participatory teaching methods, including role-playing, to develop the skills health care providers need in their encounters with patients seeking opioids, and those for whom prescribers might be considering opioids. At the conclusion of the course, participants will have improved their ability to more effectively communicate with patients under challenging circumstances.

8:00 am – 3:00 pm
Solar Turbines Facility Tour (WST-1)
Solar Turbines' products play an important role in the development of oil, natural gas and power generation projects around the world. This tour will begin with a group briefing from the Solar Turbines’ safety team, then break into small groups to tour the facility, meet management and workers, and examine best practices in American design and manufacturing. The group will meet with Solar’s medical and nursing teams to discuss unique programs they have created globally.
Limited space available.

1:00 pm – 4:00 pm
Occ Med Screening Tools: Bread & Butter — Spirometry, Audio, EKG and Vision/Titmus (PG-2)
Paula Johnston, Au.D, CCC-A
Ellyn McIntosh, MD, MPH, FACOEM
& specialty workshop instructors
The Screening Tools session will provide a practical refresher and update in the use and interpretation of audiometry, spirometry, vision and resting EKG screening tests. The pearls offered by experts within small group activity stations will enhance the hands-on practice opportunities. This session will be limited to 30 people so sign up early.

Thursday, September 18

8:00 am – 12:00 pm
Power Ortho: Walk the WOHC — Foot, Ankle & Gait (PG-3)
Marc Chodos, MD, Course Coordinator
Lucille B. Andersen, MD
Kahl Goldfarb, PT, DPT, OCS, OMT, CSCS
Franz Kopp, MD
Our ever-popular post-graduate session begins with a comprehensive review of the functional and radiologic anatomy of the foot and ankle. We’ll observe and perform physical exams of the foot, discuss common occupational foot, ankle and gait conditions and treatment options. This session will be led by course coordinator Dr. Marc Chodos, Associate Clinical Professor of Orthopedics, UCSD, and other foot and ankle specialists including a physical therapist. We will examine workplace foot and ankle safety, injury prevention and present a special module on women’s foot conditions. There will be two “break-out” sessions: one for physical exam and one for taping and bracing practice.
Limited space available.

1:00 pm – 5:00 pm
Occupational Medicine Procedures — Wound Closure & Slit Lamp (PG-4)
Kirk T. Harmon, MD, FACOEM
Martin Jay Porcelli, DO, MHPE, PhD (C), FAOASM
PROCEDURES — Wound Closure & Slit Lamp: WHAT to do, HOW to do it, and what NOT to do. Competency in the optimal treatment of minor injuries, and the knowledge of when to refer to protect life, limb and vision, is a critical skill for the occupational health provider. The wound closure session will include hands-on instruction of various suturing techniques (simple suture, mattress suture, z-plasty, etc.) with materials provided on-site for live practice. Slit lamp instruction will also occur with hands-on instruction and a real-time slit lamp video monitor to maximize the learning experience of attendees. Whether you are new to practice, or in need of a refresher, please join us for this focused, hands on, small group session on wound closure and use of the slit lamp. Special note: Dr. Porcelli is a certified instructor for teaching of z-plasty, a versatile plastic surgery technique used to improve the functional and cosmetic results on complex lacerations.
Limited space available.

Educational Objectives*

After attending WOHC 2014, participants will be able to:

- Apply the principles of EBM when making patient management decisions, particularly when an issue may not be specifically addressed in a guideline
- Evaluate the medical risk imposed in an aging workforce with comorbid medical conditions
- Explain some of the advantages and disadvantages of using performance metrics to drive improvements in occupational care
- Define ROI from wellness and disease management programs
- Define the scope, responsibilities and programs of the FMCSA Medical Program
- Diagnose common causes of lower extremity industrial injuries and disease processes
- Analyze the best scientific evidence on efficacy, effectiveness, and adverse effects of opioids for chronic, non-cancer pain
- Review various suturing techniques for wound repair; i.e. simple suturing, mattress sutures, subcuticular stitching, and advanced z-plasty (optional)
- List at least three initiatives undertaken by ACOEM to promote occupational medicine naturally
- Define workplace violence and what behaviors are components of this activity

*This is a partial list. Visit www.woema.org for a comprehensive list of all educational objectives for WOHC 2014.

Continuing Medical Education

WOEMA is accredited by the Institute for Medical Quality/California Medical Association (IMQ/CMA) to provide continuing medical education for physicians. WOEMA takes responsibility for the content, quality and scientific integrity of this CME activity.

WOEMA designates this educational activity for a maximum of 25 AMA PRA Category 1 Credits™. This credit may also be applied to the CME Certification in Continuing Medical Education.

**AAFP:** Approval is pending for prescribed credit from the American Academy of Family Physicians (AAFP).

**AAPA:** The American Academy of Physician Assistants accepts Category 1 CME for completion of NCCPA certification maintenance and state regulatory requirements.

**ABOHN:** The American Board of Occupational Health Nurses recognizes Category 1 CME as applicable for the education requirement for certification by the ABOHN.

**ABPM:** Most sessions are eligible for ABPM Maintenance of Certification (MOC) credit toward recertification with the American Board of Preventive Medicine (ABPM).

**AOA:** This conference is eligible for Category 2-A credit from the American Osteopathic Association.

**Nurses:** The California Board of Registered Nursing recognizes Category 1 CME for license renewal purposes.

**QME Credit:** WOHC is a provider of continuing education credit for the Industrial Medical Council (IMC); this program counts for up to 12 hours of QME credit. Provider Number: 340

*Advance ticket purchase required
**Golf Tournament at Coronado Island Golf Course**
The Coronado Municipal Golf Course is regarded as one of the best courses in San Diego. The front nine features views of the downtown San Diego skyline, boats in San Diego Bay and, of course, the Coronado Bridge. The sights on the back nine include the Hotel del Coronado as well as boats sailing in and out of Glorietta Bay. Ample, large and immaculately smooth greens, almost non-penalizing rough, and fairways lined with sparse palms, oleanders and eucalyptus coupled with the amazing views and incomparable weather make this a must-play for golfers. Range balls, cart rental, lunch, and prizes for the winners are included.

See registration form for fees and additional information.

**Tennis Tournament at Coronado Island Marriott Resort & Spa**
If tennis is more your “racquet”, pack your tennis shoes and get ready to enjoy some competition in a round-robin singles tournament held on two courts at the Coronado Island Marriott. Players of all ability and skill levels are invited to participate. Price includes racquets, tennis balls and prizes for the winners!

See registration form for fees and additional information.

**Guest/Spouse Activity — Balboa Park**
San Diego is home to the largest urban cultural park in the United States — Balboa Park. Travel to the World-renowned Balboa Park for a day of discovery. Gain a better understanding of the evolution and diversity of southern California and the peninsula of Baja California as you explore the “Nat,” San Diego’s Natural History Museum. Following the museum, a picnic lunch at the park will be provided. This promises to be an inspiring day of education, history and beauty that you don’t want to miss.

See registration form for fees and additional information.

**Welcome Reception**
What better way to kick off the 58th annual WOHC than with a welcome reception overlooking the San Diego skyline and harbor at sunset! Enjoy cocktails, hors d’oeuvres and live music as you visit and re-connect with your WOEMA friends and colleagues. Commercial support provided by Concentra and Merrill Lynch — The Rainbolt & Crawford Group

**Resident Attendee Orientation**
A gathering of residents will be held on Thursday evening following the Welcome Reception where there is an opportunity to meet the WOEMA leadership.

See www.woema.org for more information.
Networking Opportunities & Special Events

Friday

Guest/Spouse Activity — Trolley Tour of San Diego
Hop aboard an Old Town Trolley! Voted “Best Way to See the City,” Old Town Trolley provides guided trolley tours through the birthplace of California. While aboard you will explore the scenic coastal landscape and learn why San Diego is called “America’s Finest City.” The tour will be stopping for lunch at one of the many restaurants known for authentic & cultural cuisine and sightseeing at the historic Old Town San Diego. See registration form for fees and additional information.

Signature Event
Hotel del Coronado Dinner & Dancing
Celebrating over 125 years, the historic Hotel del Coronado has dazzled and entertained everyone from Hollywood A-listers to U.S. Presidents. On Friday, September 19th, it will be the spectacular venue for the WOHC signature event! Beginning with a champagne toast overlooking the famous, golden, sandy beach, followed by dinner and dancing in one of “The Del’s” historic ballrooms, this is truly an event not to be missed! Commercial support provided by Alere, HealthNet Connect, and Take Care Health Systems
Advance ticket purchase required. See registration form for details.

Saturday

Baseball Game at PetCo Park
Play Ball! A fun-filled evening of baseball with reserved seating above the dugout for the San Francisco Giants vs. San Diego Padres game at PetCo Park is in store for our WOHC group! The Park is a 5-minute ferry ride and short walk along the waterfront from the hotel to the Park. Attendees, guests and families all welcome to attend.
Advance ticket purchase required. See registration form for details.
Hotel & Spa Information

Coronado Island Marriott Resort & Spa, Coronado, CA

Address: 2000 Second St, Coronado, CA

Reservations: If you are interested in staying at the host hotel, please contact Coronado Island Marriott Resort & Spa directly at 800-228-9290 to make a room reservation. Be sure to mention that you are with WOEMA to receive the special rate of $189+tax/resort fee per night. Book your reservation early as we do expect to sell out the room block.

Reservation Deadline: The cut-off date for room reservations is August 28, 2014, or until the room block is full. After the cut-off date, it is at the hotel’s discretion whether to honor the discounted group rate. When making reservations, a deposit equal to one night’s stay will be required. It is refundable if the reservation is cancelled with at least 72 hours prior notice.
